UEL Group: Smarter Training, Stronger Compliance

Empowering the
Workforce with eLearning

The Challenge

The UEL Group, a leading supplier of plumbing and heating products in Ireland, lacked an L&D department. Meeting statutory Health & Safety requirements was difficult without structured systems, highlighting the need for a reliable, ongoing solution for compliance and employee support.

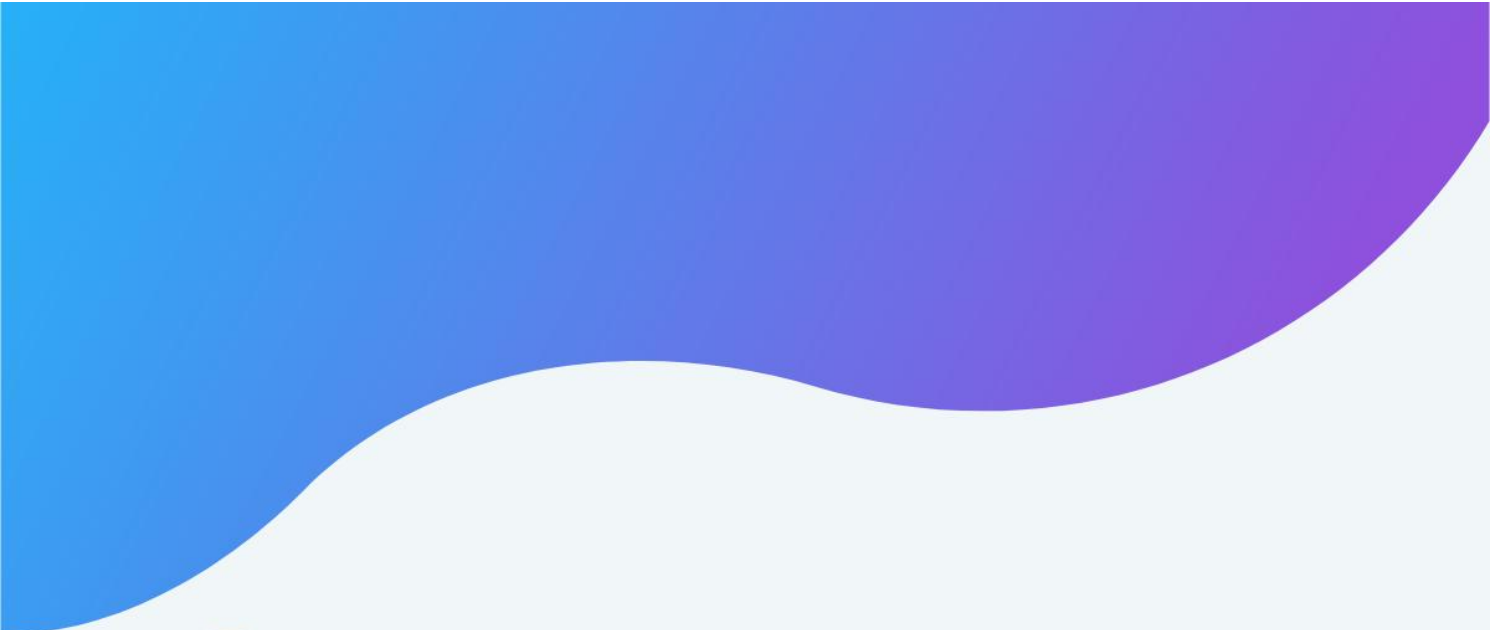

2

The Solution

QedON created a tailored learner management solution that met both business needs and compliance goals:

- Built Custom Compliance Courses:
 - Covering multiple Health & Safety Topics.
- 24/7 Digital Access:
 - Smartphone access for flexible, on-demand learning.
- User-Friendly Platform:
 - Designed for easy navigation

3

The Results & Impact

The Ur-ELearning platform achieved 95% course completion, boosting compliance and raising internal standards. UEL's investment in ongoing staff training has created a reliable, scalable model—showing how SMEs can meet regulatory demands while supporting professional growth across the organisation.
